PROJECTS

OnWear – E-Commerce Platform [Live](#)

Next.js | Tailwind CSS | TypeScript | Prisma | PostgreSQL

- Developed a modern e-commerce web application with product browsing, filtering, and seamless checkout.
- Integrated user authentication and dynamic cart management for an enhanced shopping experience.
- Designed responsive layouts and high-performance frontend interfaces using Next.js and Tailwind CSS.

LifeFlow – Blood Donation Platform [Live](#) · [Client](#) · [Server](#)

Next.js | Tailwind CSS | Express.js | MongoDB | BetterAuth

- Built a full-stack platform connecting blood donors and recipients for urgent requirements.
- Implemented secure authentication with role-based access for donors, recipients, and admins.
- Developed request filtering, user dashboards, and responsive UI components.

PromptForge – AI Prompt Marketplace [Live](#) · [Client](#) · [Server](#)

Next.js | HeroUI | Node.js | Express.js | MongoDB | BetterAuth | Tailwind CSS

- Created a full-stack marketplace to publish, discover, and monetize AI prompts.
- Integrated secure authentication and a subscription-based premium access model.
- Engineered dynamic prompt browsing, multi-model search, and responsive filtering.

PROFESSIONAL EXPERIENCE

Technical Operations Specialist 2018 – Present

- Developed strong technical problem-solving and cross-functional collaboration skills.
- Adapted quickly to new tools and technical workflows in structured environments.

EDUCATION

- MERN Stack Web Development — Programming Hero | 2026
- Higher Secondary Certificate (HSC) — Satkhira Government College
